## **2020**

# **1 . MAIL & GOODS DELIVERY : MARKET SCENARIO**

# MARKET SCENARIO

The current world of DELIVERY market:

- 4W truck/vans has been still using as the main product
- 2W/3W scooter/bicycle is used in a tactical operation mission covering the LAST MILE:
  - ❑ Riding in spite of traffic jam, congested area, etc ...
  - ❑ Having a lower cost of management vs traditional vehicles
  - ❑ New needs from good supplier (more volume for the delivery of small parcels)

## 2 . MAIL & GOODS DELIVERY: PIAGGIO'S PROPOSAL

# PIAGGIO LIBERTY DELIVERY GET THERE FASTER

The product is a solution for:

- Door to door, last-mile delivery
- Urban area
- Delivery of mail or small parcels
- Fast delivery

## LIBERTY DELIVERY UNIQUE WINNING POINT

- Specifically designed for delivery applications: single seat means better **drivability** and better **payload**
- Rear payload 40 kg, front 25 kg: best homologated solution in the market
- New top box da 90 lt
- High-wheel scooter: guarantee **safety** and **drivability**
- Specific accessories: box and bag
- The vehicle homologation includes boxes
- Engine oil change interval: once every 10,000 km means Piaggio's engine is more efficient and reduces maintenance costs
- Extended Piaggio Service Network in the market: technical assistance and availability of original spare parts
